TO: Chief, Publications Staff, ORR 22 September 1959

THRU: Chief, Geographic Research Area

FROM: Acting Chief, Map Library Division

SUBJECT: Transmittal of Collection Guide--Czechoslovakia

1. Material for inclusion in an ORR collection guide concerning topographic maps of Czechoslovakia is forwarded herewith. This will be the first in a series prepared by this Division to cover the subject in the Sino-Soviet Bloc. These guide requirements are designed specifically for the use of DD/P; a separate guide for the use of overt collection facilities is under preparation.

2. Both the preface and the final pages titled "Monetary Values...." have been written with the understanding that they may be torn from the guide by DD/P operational personnel if they so desire. The monetary values have not been made an integral part of the guide at the express wish of HQM/RR. No material used in this guide was gathered from higher than Secret sources; no NATO/N material is included so that the guide may be passed to foreign liaison services at the discretion of DD/P operational units.

3. The East German 1:25,000 sheet and the Map of Area Priorities used with Attachment 2 must be pulled from 50 copies of the requirement now in the possession of St/I/RR. Additional copies of the maps will be supplied by this Division. The Czech 1:25,000 sheet with Attachment 2 is now in reproduction [REDACTED] with a due date of 30 September. It will be a color copy.

4. Questions concerning the content or enclosures to this guide should be referred to [REDACTED] (extension 4056) of this Division.
